From professional sports bowling to party bowling, everything is possible.

Detailed description

From professional sports bowling to party bowling, everything is possible at the Fohrencenter. The 10 state-of-the-art bowling lanes comply with the international ABC and WIBC guidelines. They are also handicapped accessible!

The Strike in Bludenz offers bowling fun for the whole family with the so-called “children's bumpers”. When these children's bumpers are activated, a boundary is automatically raised at the corresponding lane, making almost every shot a hit. Children aged 5 and over can bowl with lightweight bowling balls.

There are also table soccer, air field hockey and darts machines for fun, right next door is the Kohldampf pub with a beautiful garden and - for those who like adrenaline and action - the Lazerfun (laser tag) arena.

Whether for the next birthday, company or department party or an entertaining evening with friends at the Strike Center in Bludenz - there are great offers for every occasion.
