Vorarlberger Fis Skimuseum | Sonderausstellung "100 Jahre Kästle"

🕒 Friday 14:00 o'clock

The history of skiing in Vorarlberg

Description

The history of skiing in Vorarlberg goes back some 130 years. The permanent exhibition at the Ski Museum focuses on three areas. Starting with the beginnings of skiing in Scandinavia, important Vorarlberg skiing pioneers are presented. A second focus is on ski production, which was initially in the hands of Wagner companies.

The long list of medals won by racers at the Winter Olympics and World Ski Championships proves that Vorarlberg is a state with a great racing tradition. All of these successful athletes are represented in the exhibition with artefacts.

On the 2nd floor there is currently a special exhibition on the topic: 'Project Nona - Swing Exhibition'
