

Culinary Hike Bürserberg

A leisurely hike leads you, accompanied by three culinary stations, through the mountain world of the Brandnertal.

Description

A leisurely hike, available in two variants, leads you, accompanied by three culinary pleasure stations, through the breathtaking mountain world of the Brandnertal. The first enjoyment stop awaits you in the middle of the beautiful high plateau Tschengla at the Alpe Rona with a magnificent view of the Zimba and the Rätikon mountains. Cheese production at Alpe Rona has a long tradition and with a bit of luck you can look over the dairyman's shoulder as he works in the morning. After the first culinary highlight you continue towards Burtschasattel to restaurant Frööd. On the way you will enjoy the fabulous views of the surrounding valleys and mountains. After a longer second stage and a leisurely rest at the Burtschasattel, the hike now continues briefly uphill to the Loischkopf before heading back downhill to the last stage and the already last enjoyment stop.
