Detailed description

The Schesaplana Hut is a mountain hut run by the Pfannenstiel section of the Swiss Alpine Club in the canton of Graubünden.

A total of 66 mattresses with duvets are available, six of which are double rooms in rustic style (double room with surcharge). We recommend the use of a silk or cotton sleeping bag. The house is equipped with light (solar). WC, washing facilities and a shower are also available.

During the winter season there is a winter camp with a dormitory with eight beds and two emergency beds. The Schesaplana hut will be happy to provide information about occupancy. Reservations are also welcome in winter.
