The FIS Ski Museum is open from 11.00 am to 5.00 pm and offers a fascinating insight into the history of skiing and the development of winter sports. For those who like to stroll around, there is a wide range of market stalls to discover and marvel at. Of course, there is plenty of food and drink on offer so that no one goes hungry or thirsty.

A special highlight is the corn hole tournament, where both beginners and professionals can put their skills to the test. There is also a varied program for the younger guests: face painting for children ensures smiling faces and lots of fun.
