

Lake Seewaldsee

POND/LAKE IN THE WOODS

 Seewald 22, 6733 Fontanella

The "Seewaldsee" in Fontanella is considered one of the most popular excursion destinations in our region.

Detailed description

A walk to the "Seewaldsee" in Fontanella is worthwhile in any weather and also at any time of the year. The mountain lake is accessible from the bus stop Fontanella/Saage, in approx. 35 minutes by foot. The gently rising and again sloping, traffic-poor, asphalted road (the driveway is only allowed for residents) leads to the "Seewaldsee". Nestled in lush meadows, lies the idyllic little mountain lake.

Swimming lake

Since the water supply is only small, the lake at this altitude (1,200 m) shows exceptionally pleasant temperatures, which in summer - also on a warm rainy weather - invites to swim. The beautiful surroundings and two restaurants at the lake invite you to relax and unwind.

"Seewaldsee" train

In the summer months there is also a small slow train from the stop Fontanella/Saage to the "Seewaldsee".
